### **Kata pengantar**

Kamus ini dibuat oleh Laura Arnold dan Bapak Martinus Wakaf, untuk menjelaskan bahasa Ambel dalam bahasa Indonesia dan bahasa Inggris. Kamus ini merupakan yang pertama di dunia yang berhasil mencapai tujuannya.

Tujuan kami adalah untuk mendokumentasikan dan melindungi bahasa Ambel untuk masa depan, dan menulis bahasa Ambel supaya orang lain juga dapat mengerti bahasa ini. Apakah Anda orang Ambel asli, orang Papua atau orang Indonesia dari tempat lain, atau bahkan dari luar negeri, dengan senang hati kami mengundang Anda untuk membaca kamus ini.

### **Cara menggunakan kamus ini**

Kamus ini mempunyai dua bagian: dari bahasa Ambel ke bahasa Indonesia dan bahasa Inggris (di bagian depan), dan dari bahasa Indonesia ke bahasa Ambel dan bahasa Inggris (di bagian belakang). Bilamana Anda sudah tahu kata dalam bahasa Ambel, dan ingin mencari artinya dalam bahasa Indonesia atau bahasa Inggris, silahkan membuka di bagian depan. Bilamana Anda belum tahu kata dalam bahasa Ambel, dan ingin mencari kata itu, silahkan membuka di bagian belakang.

Urutan kata dalam kamus ini disusun secara alfabet.

### **Tentang kata-kata Ambel**

Pada setiap bahasa, terdapat kata yang disebut “kata kerja”. Kata-kata ini menjelaskan apa yang kita lakukan. Contohnya: “makan”, “minum”, “jalan”, “lari”, “pukul”, “suka”, atau “benci”.

Dalam bahasa Ambel, setiap kata memakai awalan untuk menjelaskan siapa yang melakukan perbuatan atau hal itu. Seperti contoh berikut:

- y-anan** ‘Saya makan’
- ny-anan** ‘Kamu makan’
- n-anan** ‘Dia makan’
- m-anan** ‘Kalian makan’
- t-anan** ‘Kita makan’
- am-anan** ‘Kami makan’
- I-anan** ‘Mereka makan’

...dan seterusnya.

Untuk memasukkan kata kerja dalam kamus ini, kami memilih rupa kata yang paling umum: yaitu “kita semua”. Jadi kalau Anda mau mencari satu kata kerja di kamus ini, Anda harus berpikir terlebih dulu: “Kalau saya mau bilang ‘kita semua’ melakukan perbuatan ini, saya akan bilang bagaimana?” Misalnya:

<i>yanan</i>	‘Saya makan’	mencari di kamus → <i>tan</i>	‘Kita makan’
<i>labi</i>	‘Mereka kasih’	mencari di kamus → <i>bi</i>	‘Kita kasih’
<i>nakawawi</i>	‘Dia gantung’	mencari di kamus → <i>takawawi</i>	‘Kita gantung’
<i>cum</i>	‘Saya ikut’	mencari di kamus → <i>tum</i>	‘Kita ikut’
<i>mimsun</i>	‘Kalian masuk’	mencari di kamus → <i>sun</i>	‘Kita masuk’

... dan seterusnya.

Kalau Anda tidak bisa menemukan kata kerja yang Anda cari di bagian depan, coba mencari kata itu di bagian belakang (menggunakan bahasa Indonesia) dulu.

Ada satu pengecualian: Kalau kata kerja itu dikhususkan untuk binatang, kata itu dimasukkan seolah-olah hanya ada satu binatang yang melakukan perbuatan itu. Misalnya:

<i>nlaw</i> ‘Dia menangis’	mencari di kamus → <i>nlaw</i> ‘Dia menangis’ (khusus untuk anjing)
<i>ntuw</i> ‘Dia menggonggon’	mencari di kamus → <i>ntuw</i> ‘Dia menggonggon’ ... dan seterusnya.

Terkait dengan kualitas barang, maka kata-kata ini dimasukkan seolah-olah cuma ada satu barang. Misalnya:

<i>anlal</i>	‘besar’	mencari di kamus → <i>anlal</i> ‘besar’ (satu barang)
<i>sitami</i>	‘merah’	mencari di kamus → <i>antami</i> ‘merah’ (barang banyak)
<i>simasut</i>	‘basah’	mencari di kamus → <i>amasut</i> ‘basah’ (barang banyak)

... dan seterusnya.

Akhirnya, dalam bahasa Ambel terdapat beberapa kata yang bisa diucapkan dengan *h* atau *f*. Contohnya: *fat* atau *hat* ‘empat’; *fit* atau *hit* ‘tujuh’; *hun* atau *fun* ‘raja’. Kami memutuskan untuk memasukkan kata-kata ini seolah-olah diucapkan dengan *f*. Jadi untuk *hat*, mencari *fat*; untuk *hit* mencari *fit*; untuk *hun* mencari *fun*, dan seterusnya. Namun, di samping tulisan kata-kata ini, kami juga memasukkan tulisan menggunakan huruf *h* selain menggunakan huruf *f*. Jadi untuk kata *fun* ‘raja’, kami menuliskan kedua *fun* dan *hun*.

## Tentang kata-kata Inggris

Dalam bahasa Inggris, seringkali cara tulisan berbeda dengan cara bacaan. Jadi, untuk membantu yang belum tahu cara bacaan dalam bahasa Inggris, kedua cara tulisan dan cara bacaan dimasukkan di bagian depan (bahasa Ambel ke bahasa Indonesia dan bahasa Inggris). Setelah kata bahasa Inggris, bilamana cara bacaan berbeda dengan cara tulisan, kami menuliskan cara bacaan di dalam kurung persegi ( [ ] ). Tulisan dalam kurung persegi ini diucapkan sama dengan bahasa Indonesia. Misalnya, kata Inggris *fish* ‘ikan’, kita mengucapkan kata ini sebagai [fisy]; kalau kata Inggris *black* ‘hitam’, kita mengucapkan kata ini sebagai [blak]; kalau kata Inggris *game* ‘permainan’, kita mengucapkan kata ini sebagai [geim]; dan seterusnya. Kalau tidak ada tulisan di dalam kurung persegi, berarti cara tulisan sama dengan cara bacaan.

Ada beberapa kata di bahasa Inggris yang mempunyai satu bagian (atau “suku kata”) yang dibacakan dengan suara lebih keras dari bagian lain. Suku kata ini dicatat dengan symbol ini: ' Contohnya:

cara tulisan kata Inggris: *grandfather* ‘tete’  
cara bacaan: ['grandfather]  
GRANDfather

cara tulisan kata Inggris: *firewood* ‘kayu bakar’  
cara bacaan: ['fairwud]  
FAIRwud

cara tulisan kata Inggris: *tuna* ‘cekalan’  
cara bacaan: ['tyuna]  
TYUna

... dan seterusnya.

Akhirnya, kalau dalam bahasa Inggris, terdapat *a kind of XXX* berarti ‘sejenis XXX’.

## Akhirnya, dari Laura...

Karena kamus ini adalah kamus bahasa Ambel pertama di dunia, saya yakin masih ada kesalahan. Saya ingin mengambil kesempatan ini untuk menyampaikan: Bilamana ada kesalahan, maka kesalahan ini datangnya dari saya semata, bukan dari Bapak Martinus. Bilamana Anda menemukan kesalahan, saya mengundang Anda untuk memperbaiki kesalahan itu, demi masa depan. Kamus ini sekarang adalah milik orang Ambel.

Saya ingin ucapan *terima kasih banyak* untuk Bapak Martinus Wakaf atas seluruh bantuannya. Kami telah duduk bersama selama kurun waktu yang lama

sekali untuk membuat kamus ini. Dia adalah guru yang sangat hebat. Bapak, *awa nim hahey*.

Akhirnya, saya ingin berterima kasih kepada setiap orang di setiap kampung Ambel. Yang telah menyambut saya dan membantu saya untuk merasa betah seperti di rumah sendiri. Untuk berbicara dengan saya ketika saya merindukan keluarga saya, untuk menunjukkan saya tempat-tempat baru, dan untuk mengajari saya cara-cara baru. Untuk membuat saya tertawa hampir setiap hari, dan membuat saya menangis waktu saya harus pulang. Saya akan sangat-sangat merindukan kalian semua, dan saya berharap untuk bertemu lagi di masa mendatang. *Yawasan mewa nyaik ne bi....*
